Municipality of Rozaje, hereinafter referred to as "the Employer", intends to exploit the loan of the European Investment Bank ("The Bank"), MNE Water sanitation" No. 2005-0221, for the construction of the municipality water supply system, and to use 7560 m of pipes obtained as donation from Turkish International Collaboration (TIC). Approximate value of procurement is 235.000. € (inclusive of VAT)

The Employer now invites sealed tenders from contractors for the following contract:

Supervision of works for Water supply system construction in the municipality of Rozaje

General description:

The following technical requirements and specifications cover the scope of supervision of the works as FIDIC Engineer:

- Supporting the Beneficiary to review, if necessary, all permits related to preparation for construction of the Works in accordance with the Montenegrin Law on Planning and Construction published in the "Official Gazette of Montenegro", No. 51/2008, 34/2011, 47/2011.
- Supervision of the architectural, structural, mechanical, electrical, instrumentation and automation works for construction and installation, erecting and commissioning of the Works.
- Checking, supervision and approval of the spare parts for fixed and mobile equipment, including instrumentation and control required for 2 years operation after issue of the Provisional Acceptance Certificate, in accordance to these requirements;
- Testing, commissioning and assist to handover documentation;
- Checking and approval of as-built documentation and operation and maintenance manuals and handover of all documents,

The Engineer shall set up a supervisory organization including monitoring systems to ensure a fast and efficient administration of the activities, a timely implementation of the works and an efficient use of the financial resources.

The Engineer shall work closely with the Ministry of Sustainable Development and Tourism, Rožaje Municipality, PROCON, the local PIU, and the Beneficiary, in particular on contractual issues, concerning project progress and costs. More particularly, the Engineer will be responsible for the following.

Tendering for contracts to be financed with the proceeds of the European investment bank is open to firms from any country.

To be qualified for the award of a contract, tenderers must satisfy the following minimum criteria:

a) Eligibility Criteria

- A Tenderer shall not have a conflict of interest. All Tenderers found to have a conflict of interest shall be disqualified.
- A Tenderer shall be disqualified if the Tenderer, an affiliate of the Tenderer, a party constituting the Tenderer or an affiliate of a party constituting the Tenderer, is under a declaration of ineligibility by the Bank, at the date of the deadline for Tender submission or thereafter.

- No affiliate of the Employer shall be eligible to tender or participate in a tender in any capacity whatsoever unless it can be demonstrated that there is not a significant degree of common ownership, influence or control amongst the affiliate and the Employer.
- Not having been excluded as a result of the Borrower's country laws or official country regulations, or by an act of compliance with UN Security Council resolution.

- b) Historical Non-performance. A consistent history of historical non-performance and/or litigation awards against the Tenderer or any partner of a joint venture may result in rejection of the tender.
- c) Financial resources. The candidate should have a minimum average turnover of 400.000 € in the last 3 years (2010-2011-2012).
